

**Good crew doctors are in a class of their own.
So is a good antibiotic.**

**Only Nuflor[®]
is in a Class of its Own.**

Top performers are hard to find, whether you're talking about a doctoring crew or an antibiotic. But when it comes to an antibiotic for treating BRD, you can count on Nuflor to deliver great results for your clients.

Nuflor is a one-of-a-kind antibiotic. Because it's the only drug in its class, no other antibiotic works like it. And it's the way it works that makes Nuflor so effective against BRD. Only Nuflor is a top performer in all four of the following areas.

1. Spectrum of Control
2. Sensitivity of Key Bacteria
3. Speed of Action
4. Duration of Activity

With Nuflor, neither you nor your clients will take chances with BRD. It's a top performer, because it's in a class of its own.

For more information, contact your Schering-Plough Animal Health Corp. representative or call Technical Services at 800-211-3573.
